**Commonwealth of Massachusetts
South Africa List**

Pursuant to Executive Order No. 288 signed by Governor Dukakis on June 21, 1990 and Massachusetts Regulations 802 CMR 5.00 governing the implementation of the Commonwealth's South Africa Purchasing Policy, an updated list of companies doing business in or with the Republic of South Africa has been compiled by the State Purchasing Agent. This new List replaces the earlier July 1989 List published by the Purchasing Agent. Uncertainty regarding the status of Namibia delayed this publication until Executive Order No. 288 clarified the issue. This current List no longer includes companies doing business in or with Namibia. The Commonwealth's South Africa List ("The List") will be utilized by those Commonwealth offices and officials who are responsible for the procurement of goods, supplies, equipment and services. The List was compiled based upon the definition of doing business as set forth in the Executive Order and the Regulations. In addition, the lists compiled by the Investor Responsibility Research Center, (IRRC) and the Africa Fund were consulted for informational purposes. PLEASE NOTE: Neither the IRRC nor the Africa Fund has reviewed the Commonwealth's List nor had any role in its publication. The decision to place or not place the name of any person on the List lies solely with the Commonwealth.

The List is to be utilized by Commonwealth purchasing officials for the sole purpose of carrying out the South Africa Purchasing Policy as set forth in the Executive Order and the Regulations. This List should not be used by any other source, either private or public, or for any other purpose without independent verification of the information contained herein. The List shall be updated and published on a semi-annual basis by the State Purchasing Agent.

The Commonwealth has exercised due diligence and reasonable efforts in preparing the List. However, if a person listed herein believes that this listing is erroneous or that the status of the person's ties to South Africa has changed, such that they no longer meet the criteria for doing business as set forth in the Executive Order or the Regulations, an appeal may be made to the State Purchasing Agent as provided for in the Regulations, 802 CMR 5.10.

Finally, for your information, we have included as appendices to this publication the Governor's Executive Order No. 288 (Appendix 1) and the complete Regulations, 802 CMR 5.00 (Appendix 2).

REVOKING AND SUPERSEDING EXECUTIVE ORDER NUMBER 281

Preamble

On January 21, 1989, Executive Order Number 281 was issued, regulating state contracts with companies doing business with the Republic of South Africa and Namibia.

On March 21, 1990, after a century of colonial rule, Namibia gained its independence from South Africa and from the South African policy of apartheid.

In recognition of this victory for democracy and human rights, I, Michael S. Dukakis, Governor of the Commonwealth of Massachusetts, do hereby abolish all regulations prohibiting the procurement of goods and services relative to companies doing business with or in Namibia.

WHEREAS, apartheid is a policy of racial exclusion and repression and is the official policy of the government of the Republic of South Africa;

WHEREAS, under the system of apartheid the non-white citizens of the Republic of South Africa, who represent the overwhelming majority of that nation's population, have been systematically excluded from the material benefits of that society and have been subjected to brutal repression;

WHEREAS, the government of South Africa have imposed on the people of that nation a social system founded on racial separation and the denial of basic human rights;

WHEREAS, the Commonwealth of Massachusetts and the United States of America are committed to the principles of achieving equality of opportunity for all regardless of race, religion or national origin; and

WHEREAS, the Commonwealth of Massachusetts, in continuing its long tradition of upholding the dignity of all people and striving for the elimination of all artificial barriers to human fulfillment and achievement, cannot provide economic support for a social system whose policies are so antithetical to the principles of the people of Massachusetts;

NOW, THEREFORE, I, Michael S. Dukakis, Governor of the Commonwealth of Massachusetts, by virtue of the authority vested in me as Supreme Executive Magistrate, do hereby order as follows:

ARTICLE I. Declaration of Policy

- 1.1 The Commonwealth of Massachusetts shall not support through the purchasing power of state government the social system in South Africa that is founded on racial segregation.
- 1.2 The policy of the Commonwealth shall be that unless the procurement is essential and there is no other available source, no state agency shall procure goods or services which (a) originate in South Africa or (b) are provided by a person not located in South Africa, but functioning as an operation, licensee, franchise, or majority-owned subsidiary of a person located in South Africa or functioning as an agent of the government of South Africa.
- 1.3 The Secretary of the Executive Office of Administration and Finance, through the Purchasing Agent's Division, shall establish a purchasing preference policy to steer state contracts away from vendors doing business with or in South Africa and shall maintain and regularly update a list of all persons doing business with or in South Africa. This list shall be known as the "prohibited procurement list". In establishing the prohibited list, the State Purchasing Agent, in consultation with the Secretary for Economic Affairs, shall consult the most recent annual report of the U.S. Consulate General of Johannesburg, entitled "American Firms, Subsidiaries and Affiliates -- South Africa", United Nations reports, and other reliable sources.

ARTICLE II. Definitions

- 2.1 "Doing business with or in South Africa" shall mean, in the case of any person, (a) having any operations, licenses, franchises, majority-owned subsidiaries, or contracts of assured supply in South Africa; or (b) providing financial services to the government of South Africa; or (c) promoting the importation or sale of gold or gold products from South Africa; or (d) providing any goods or services to the government of South Africa.
- 2.2 "Person" shall mean any individual and any partnership, firm, association, corporation, or other entity.

ARTICLE III. Exemptions

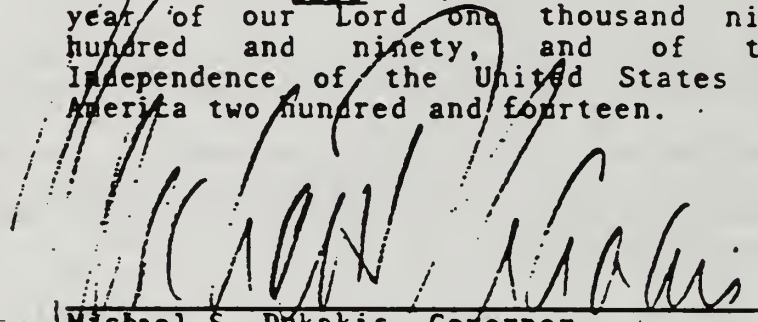

- 3.1 This executive order shall not apply to (a) the replacement of parts or provision of services for maintaining and operating the Commonwealth's equipment and systems, and (b) medical supplies intended to preserve or prolong life or to cure, prevent, or ameliorate diseases, including hospital, nutritional, diagnostic, pharmaceutical and non-prescription products specifically manufactured to satisfy identified health care needs, for which there is no medical substitute.
- 3.2 Contractual obligations in effect on the date this executive order is implemented through regulations as provided for in Article IV are not affected by this executive order.
- 3.3 A person with operations in South Africa for the sole purpose of reporting the news or providing international telecommunications shall not be considered doing business in that country.

ARTICLE IV. Implementation

- 4.1 The provisions of this executive order shall be implemented by regulations promulgated by the Secretary of Administration and Finance, through the Purchasing Agent's Division. Such regulations shall be effective on or before July 1, 1989.
- 4.2 No waivers to the provisions of this executive order shall be made except upon the written determination of the Purchasing Agent and the Secretary of Administration and Finance that no practicable substitute is available to satisfy the need of the Commonwealth.

- 4.3 Exemptions in addition to those listed in Article III, when not inconsistent with the purposes of this executive order, may be made by regulations promulgated by the Secretary of Administration and Finance, through the Purchasing Agent's Division.
- 4.4 The Purchasing Agent shall forward copies of the regulations to state authorities and public institutions of higher education, who are encouraged to adopt comparable policies and regulations.
- 4.5 This executive order shall be interpreted to be consistent with any applicable federal law and shall not be interpreted in a way that would result in any loss or reduction in the amount of funds for which the state is eligible or entitled under any federal law.

Given at the Executive Chamber in Boston this 21st day of June in the year of our Lord one thousand nine hundred and ninety, and of the Independence of the United States of America two hundred and fourteen.

- 5.11: Responsibilities of Executive Branch Agencies
- 5.12: Requirements of Federal Law
- 5.13: Severability

5.01: Application and Purpose

(1) The purpose of these regulations is to ensure, pursuant to the requirements of Executive Order No. 288, that the Commonwealth of Massachusetts, through its executive branch agencies, does not sanction nor support through the purchasing power of state government a social system founded on racial segregation.

(2) These regulations shall apply to all agencies, boards, departments and commissions of the executive branch of state government. State institutions of higher education and state authorities are encouraged by the terms of Executive Order No. 288 to adopt these regulations or develop regulations similar thereto governing purchases from vendors originating in South Africa or vendors doing business in or with South Africa.

5.02: Scope and Authority

(1) These regulations are adopted pursuant to the authority set forth in M.G.L. c. 7, ss. 4 and 22; and M.G.L. c. 30, ss. 51 and 52; and in accordance with Executive Order No. 288 signed by Governor Dukakis on June 21, 1990.

(2) These regulations set forth the policies, standards and procedures to effect compliance with Executive Order No. 288 governing state procurement of goods, supplies, equipment, and services incidental to the purchase thereof from vendors originating in South Africa or doing business in or with South Africa.

5.03: Definitions

Each of the following terms shall have the meaning assigned in this section, unless another meaning is obvious from the context:

Agency. Any subdivision of the executive branch of the government of the Commonwealth including but not limited to any executive office, department, division, bureau, board, authority, commission or committee, therein.

Bid. A response by a vendor to an Invitation for Bids (IFB) or a Request for Quotations (RFQ).

Contract. A legally enforceable written agreement between a contractor and the Commonwealth by which a good or supply, or services incidental thereto, are procured.

Contractor. An individual, corporation or other business entity which enters into a legally enforceable agreement with the Commonwealth to deliver goods or supplies or services incidental thereto.

Department (see "Agency").

5.03: continued

Essential. Necessary to avoid substantial harm to an agency program(s).

Franchise. Any business entity required to provide disclosure under the Federal Trade Commission Regulations, 16 CFR Chapter 1, Section 436.2, sub (a); (1) (i) A (1) (2); (B) (1) (2); (1-1-88 Edition, pg. 278) as it may be amended.

Good. An article of trade or a moveable article of value which is bought or sold, excluding real property, a tangible thing which is produced or used as the subject of barter or sale.

Government of South Africa. Any public or quasi-public entity operating within the Republic of South Africa, including, but not limited to, municipal, provisional, national, or other governmental bodies, including all departments or agencies of such bodies, public utilities, public facilities, or any national corporation in which the Republic of South Africa has a financial interest or operational responsibilities, and including Bantustans or so-called "independent" Homelands.

Invitation for Bids (IFB). The solicitation document used for competitive sealed bidding, including all materials, whether attached or incorporated by reference.

License. Permission granted by a person to another, or to the government of South Africa to exercise a certain privilege or to carry on a particular business.

Lowest Responsive and Responsible Bidder. The vendor submitting the lowest price, as determined by the cost formula, in response to an Invitation for Bid who is capable of performing the proposed contract according to the criteria set forth in the solicitation.

Only Available Source. (See Sole Source Procurement).

Person. Any individual, partnership, firm, association, corporation, or other entity.

Procurement. The procedures for obtaining goods and supplies, including all activities from the planning steps at initial processing of a requisition, through receipt and acceptance of goods at delivery, including, but not limited to, the acts of preparing specifications, evaluation of bids or proposals, making awards, and administering contracts are involved.

Proposal. A response by a vendor to a Request for Proposal.

Request for Proposals (RFP). The solicitation document used for competitive proposals, including any materials whether attached or incorporated by reference.

Services. The furnishing of labor, time or effort by a contractor incidental to the performance of a contract.

Sole Source Procurement. An award for a good or supply to the only known capable supplier occasioned by the unique nature of the requirement, supplier, or market conditions.

Solicitation. The process of notifying prospective bidders or offerors that the Commonwealth seeks to receive bids or proposals for furnishing a good or supply, and services incidental thereto.

South Africa List. A listing of all companies that have either direct or indirect business dealings with South Africa (see Doing Business in or with South Africa 802 CMR 5.06(3)).

State Purchasing Agent or his Designee. The individual appointed by the Governor to direct the Department of Purchasing and General Services (DPCS) pursuant to St. 1989, c. 731.

5.03: continued

Supplies. Generally items that are consumed or expended in the course of being used including, but not limited to personal property, equipment, materials and printing as distinguished from capital equipment or goods.

Unitary Business. Two or more persons are engaged in a unitary business if there is a shared ownership interest in said persons and if they would be found to be engaged in a unitary business under the standards expounded by the United States Supreme Court in Container Corporation of America v. Franchise Tax Board, 103 S. Ct. 2933 (1983), Asarco Inc. v. Idaho State Tax Commission, 102 S. Ct. 3103 (1982), F. W. Woolworth Co. v. Taxation and Revenue Departments, 102 S. Ct. 3128 (1982), Mobil Oil Corporation v. Commissioner of Taxes of Vermont, 100 S. Ct. 1223 (1980), Exxon Corporation v. Wisconsin Department of Revenue, 100 S. Ct. 2109 (1980).

Among the factors to be considered in determining unitariness are: (1) the functional integration between the affiliated business entities; (2) the centralization of management; (3) the economics of scale; (4) the similarities and/or relatedness of the underlying activities of the affiliated entities; (5) the sharing or exchange of value between the affiliated entities beyond the mere flow of funds arising out of a passive investment or a distinct business operation; and (6) the existence of an interlocking board of directors between the business entities.

Vendor. An individual, corporation or other business entity engaged in the business of providing goods or supplies and services incidental thereto; a prospective contractor.

5.04: Delegation

Subject to the limitations contained in the authorizing purchasing statute, M.G.L. c. 7, s. 22, regulations thereunder 802 CMR 2.00 and c. 30, ss. 51 and 52, the State Purchasing Agent or his designee may with the approval of the Secretary for Administration and Finance, delegate his/her duties under these regulations to one or more Commonwealth officers or employees. Such delegation shall be revocable by the State Purchasing Agent or his designee at any time. Any such delegation may be limited to certain acts, cases or circumstances identified in the letter of delegation.

5.05: Persons, Goods or Services which Originate in South Africa

- (1) No state agency shall purchase goods or services which originate in South Africa.
- (2) A good or service shall originate in South Africa if the good or service is manufactured, mined or otherwise produced in South Africa.
- (3) No state agency shall procure goods or services which are provided by a person not located in South Africa but functioning as an operation, licensee, franchise, or majority owned subsidiary of a person located in South Africa or functioning as an agent of the government of South Africa.
- (4) A person located in South Africa shall mean a vendor who is incorporated in South Africa or whose primary place of business is in South Africa.
- (5) Pursuant to 802 CMR 5.09, titled "Waivers", an agency seeking to procure a good or service which originates in South Africa or to procure a good or service which is provided by a South Africa corporation or an operation, licensee, franchise or majority owned subsidiary thereof, shall request a waiver from the State Purchasing Agent or his designee.

5.06: Procurement Preference

- (1) For any purchase of goods, supplies, equipment and services incidental thereto, and for the purpose of this regulation 802 CMR 5.00, any vendor not subject to 802 CMR 5.05 of these regulations, shall be eligible to respond to the

5.06: continued

solicitation issued by the State Purchasing Agent or his designee or other authorized state agency.

(2) In determining the award of any contract or purchase order issued pursuant to the above described solicitation, all other things being equal, the State Purchasing Agent or his designee or other authorized state agency shall apply a ten percent (10%) price preference favoring a vendor not doing business in or with South Africa.

(3) "Doing business in or with South Africa" shall mean, in the case of any person, (a) having any operations, licenses, franchises, majority-owned subsidiaries, or contracts of assured supply in South Africa or (b) providing financial services to the government of South Africa or (c) promoting the importation or sale of gold or gold products from South Africa or (d) providing any goods or services to the government of South Africa.

(4) For purposes of the application of the preference against doing business, a person shall be deemed to be doing business in South Africa if both (a) a majority interest in that person is owned either directly or indirectly by a person or persons doing business in or with South Africa and (b) the person is engaged in a unitary business with said majority owner or owners.

(5) The preference shall apply only in instances in which, in the case of an Invitation for Bid, the lowest responsive and responsible bidder is a vendor appearing in the Commonwealth's South Africa List, and the allowance of the price preference would enable the Commonwealth to purchase from a responsive and responsible vendor not on the South Africa List.

(6) In the case of a Request for Proposal, in the evaluation of the cost proposal submitted in response to the solicitation, the price preference will be applied pursuant to the evaluation criteria established by the State Purchasing Agent or his designee or other authorized state agency.

(7) "Other authorized state agency" shall mean in the case of purchases under the statutory limit set forth in M.G.L. c. 7, s. 22 and 802 CMR 2.00, authorizing direct purchasing by state agencies, any state agency of the Executive Branch of the Commonwealth.

(8) In determining whether the ten percent (10%) price preference applies, the Purchasing Agent or his designee or other authorized state agency shall consult the most recent publication of the Commonwealth's South Africa List.

5.07: The South Africa List

(1) The State Purchasing Agent or his designee with the assistance of the Executive Office of Economic Affairs, shall establish and maintain the Commonwealth's South Africa List which shall contain the names of all persons currently doing business in or with South Africa as defined in 802 CMR 5.06(3).

(2) The State Purchasing Agent or his designee in developing the Commonwealth's South Africa List has taken official notice of both the Investor Responsibility Research Center, and the Unified List of U.S. companies doing Business in South Africa as appropriate and qualified sources from which to establish the Commonwealth's South Africa List.

(3) Semi-annually the State Purchasing Agent or his designee shall issue an updated publication of the Commonwealth's South Africa List.

(4) Any person appearing on the Commonwealth's South Africa List may challenge their listing at any time. A person challenging its appearance on this list must set forth clear and convincing evidence which shall demonstrate that it is not doing business in or with South Africa pursuant to the definition set forth in 802 CMR 5.06(3) of these regulations.

5.08: Exemptions

- (1) A state agency may purchase medical supplies intended to preserve or prolong life or to cure, prevent, or ameliorate diseases, including hospital, nutritional, diagnostic, pharmaceutical and non-prescription products specifically manufactured to satisfy identified health care needs, for which there is no medical substitute. The determination of whether no medical substitute exists shall be made by the state agency requiring the supply, pursuant to general standards of good medical and professional practice. The state agency shall give notice to the State Purchasing Agent or his designee in writing, certifying compliance with this exemption, said notice and certification being sufficient to allow the purchase of medical supplies under this exemption.
- (2) To the extent that a person doing business in South Africa is providing only medical supplies, as described in 802 CMR 5.08(1) of these regulations, to persons in South Africa then the supply of goods or equipment to the Commonwealth by said person shall also be exempt from the preference requirements of these regulations. This exemption from the preference requirements shall not apply in any case in which the nature of any person's business dealings in South Africa include both medical and non-medical supplies.
- (3) A state agency may purchase compatible replacement parts and equipment for maintaining, upgrading, and operating existing Commonwealth equipment and systems subject to the requirements of any applicable regulations governing the procurement of goods, supplies and equipment.
- (4) A state agency may continue with contractual obligations including options to renew or extend which are in effect prior to the effective date of the regulations if the agency certifies, in writing, to the State Purchasing Agent or his designee the start and end date of each contract and the provision in the contract which allows for any renewal or extension.
- (5) A person with operations in South Africa for the sole purpose of reporting the news or providing international telecommunications shall not be considered doing business in or with those countries.

5.09: Waivers

- (1) A state agency may request that the State Purchasing Agent or his designee waive strict compliance with these regulations if the procurement is essential and a sole source procurement.
- (2) A state agency may request that the State Purchasing Agent or his designee waive strict compliance with these regulations to provide for adequate competition. In making this determination, the State Purchasing Agent or his designee shall take into consideration the following factors: the availability of eligible and qualified vendors; the estimated fiscal impact of the proposed procurement; the present and future requirements of the agency for the good, supply or equipment to be purchased; and such other factors as are needed to ensure open, fair and competitive procurement.
- (3) The request must be in writing, signed by the agency head and set forth the specific reason(s) for the request for the waiver.
- (4) The State Purchasing Agent or his designee shall review the request and render a written decision within fourteen (14) days of receipt of the request.
- (5) An agency aggrieved by a decision of the State Purchasing Agent or his designee under this 802 CMR 5.09 may appeal this determination to the Secretary for Administration and Finance. The decision of the Secretary shall be final.

5.10: Appeals of Purchasing Agent's Decisions

- (1) Any person may request an opportunity to appeal a decision of the State Purchasing Agent or his designee with respect to these regulations.

5.10: continued

(2) A written notice of a request for an appeal, which shall include a brief description of the reasons for the appeal, must be filed with the State Purchasing Agent or his designee no later than fourteen (14) days after the person knows or should have known that he may be aggrieved by the decision which causes the person to appeal. The fourteen day filing requirement shall not apply to appeals concerning a person's inclusion on the Commonwealth's South Africa List.

(3) The State Purchasing Agent or his designee shall review the request for appeal and, if warranted, may schedule a meeting with the person within fourteen (14) days of the receipt of the appeal request. At the appeal meeting the person shall present his/her grounds for appeal to the State Purchasing Agent or his/her designee, and may present oral and written material in support of his/her position. The State Purchasing Agent or his designee shall review the information and materials presented and shall notify the person of his/her decision, in writing, within thirty (30) days from the date of the appeal meeting.

(4) If the State Purchasing Agent or his designee determines that the request for appeal is without merit, and does not warrant the application of the procedures set out in 802 CMR 5.10(3) he/she shall so notify the person in writing within fourteen (14) days of his receipt of the appeal request.

(5) If the State Purchasing Agent or his designee determines that a material error was made in the application of these regulations or the creation of the Commonwealth's South Africa List, he/she shall initiate whatever steps are necessary to correct the error. The decision of the State Purchasing Agent or his designee shall be final.

5.11: Responsibilities of Executive Branch Agencies

(1) The Appointing Authority of each agency or his/her designee shall, upon receipt of these regulations assume primary responsibility for the implementation of these regulations in the purchasing practices, policies and procedures of each agency.

(2) It shall be the responsibility of the Appointing Authority or his/her designee, upon receipt of the Commonwealth's South Africa List, and thereafter each quarterly update of the list, to forward copies thereof to the appropriate agency personnel to ensure compliance with these regulations.

5.12: Requirements of Federal Law

These regulations shall be interpreted to be consistent with any applicable federal law and shall not be interpreted in a way that would result in any loss or reduction in the amount of funds for which the state is eligible or entitled under federal law.

5.13: Severability

In the event that any provision of these regulations shall be held invalid or unenforceable by a court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.
